ABSTRACT

EuroCoin (EGOAL) is a decentralized cryptocurrency designed to capture the excitement and spirit of the UEFA Euro 2024 tournament. By leveraging blockchain technology and community engagement, EuroCoin offers a unique and **rewarding experience** for football fans and crypto enthusiasts alike. This white paper outlines the project's objectives, tokenomics, features, and roadmap.

STORY

In the heart of EURO 2024, Alex, a passionate football fan and crypto investor, discovered the thrilling world of EURO 2024 Token. With every goal scored and significant match event, a portion of the tokens was burned, reducing supply and boosting the value of his investment.

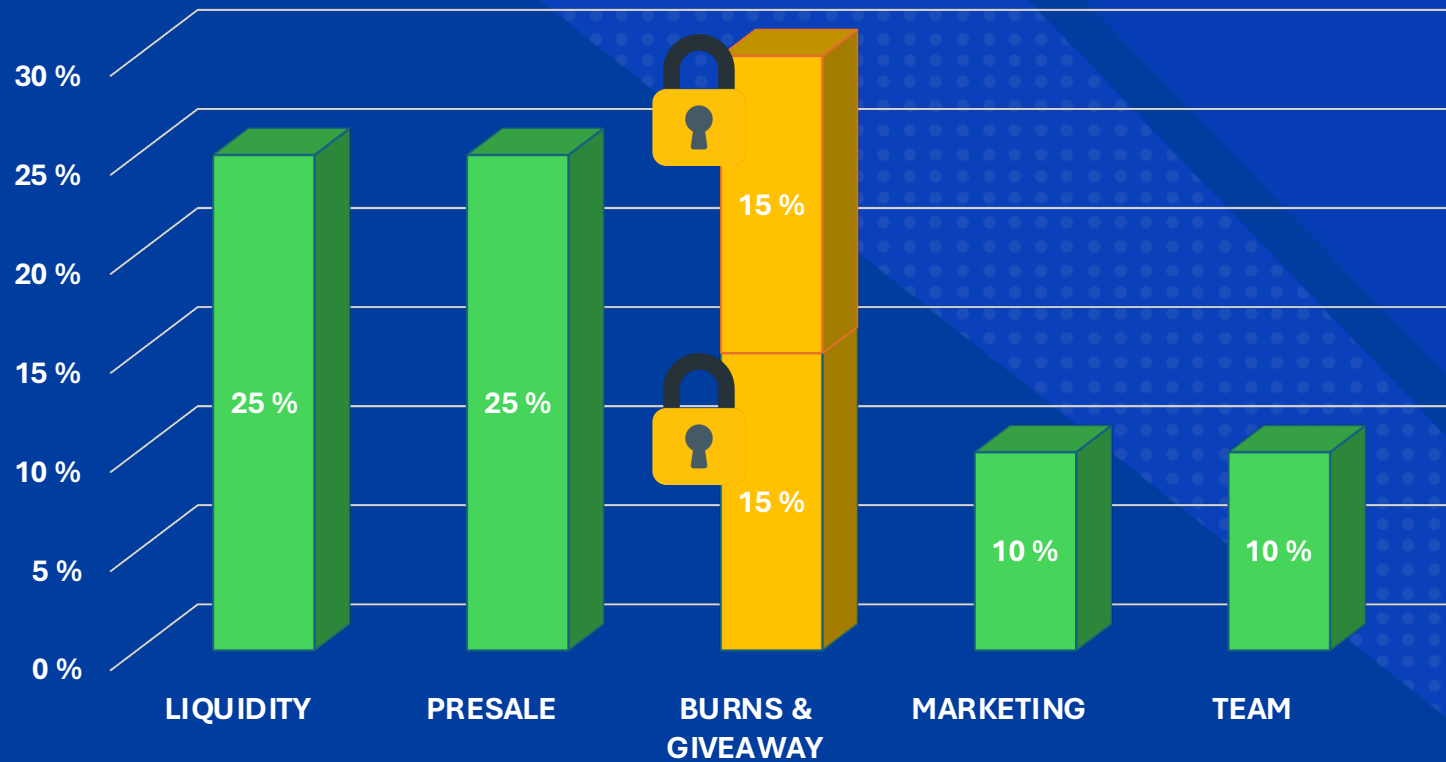

But the excitement didn't stop there. EURO 2024 Token holders could also predict match scores and win additional tokens through airdrops. One evening, Alex made his prediction and watched eagerly. As goals were scored and tokens burned, he felt the anticipation build. When the final whistle blew, his prediction was spot on, and extra tokens appeared in his wallet.

Alex's experience was electrifying – his team won, tokens were burned, and his investment grew. Join Alex and others in this exciting journey, where every goal, event, and prediction can lead to greater rewards. Feel the thrill of the game, the burn of the tokens, and watch your EURO 2024 Tokens soar!

TOKENOMICS

Total Supply: 100,000,000 \$EGOAL

BURNS AND GIVEAWAYS

At EuroCoin, we are committed to creating a vibrant and engaging community while ensuring the long-term value of our token.

We have allocated **30% of our total supply** of 100 million tokens, amounting to 30 million tokens, for strategic burns and giveaways.

Daily Token Burns

Every day, 1 million EuroCoins will be burned. These burns are tied to real-world events such as Euro 2024 football goals and other community-driven activities. This daily reduction in supply helps increase the scarcity and potential value of EuroCoin over time.

Daily Giveaways

In addition to burns, 666,666.67 EuroCoins will be unlocked daily for giveaways and events. These tokens will be distributed through interactive social media campaigns, quizzes, contests, and influencer partnerships. Our goal is to reward our community and drive widespread adoption and excitement for EuroCoin.

Locked Wallet

The tokens for burns and giveaways are securely locked and will be released in a controlled manner from 27th June to 14th July, ensuring transparency and consistency in our distribution process.

HOW IT WORKS?

1. Acquire EGOAL Tokens: Purchase **EuroCoin (\$EGOAL)** through Raydium.
2. Engage and Earn: Participate in community activities to **EARN FREE \$EGOAL** tokens from the comfortability of your home.
3. Hold and Benefit: Enjoy exclusive rewards and see your token value increase with our **BURN** mechanism.
